

Ilkley Club Closed Tennis Tournament 2010

There was a change in this year's finals day in that our club members' tournament was timed to finish on the same day as the Men's International Futures Tournament.

We were blessed with great weather for the first time since 2006 which added to the great day of tennis for all competitors and spectators.

The Ladies singles was won again by Hannah Pulford, the defending champion beating the ever green Anita Perry in the final 6-2, 6-3.

Kyle Brassington and Steve Hunt contested the Men's final with Kyle running out a 6-3, 7-5 winner. Kyle, the favourite, didn't have it all his own way but eventually his greater experience saw him win through.

Nineteen other finals were played on the day ranging from 6 year olds to veterans. Particular note should be given to the juniors where the singles finals, in all categories, had a high level of play which is good news for the future.

Finally, thank you to our tournament sponsor The Grammar School at Leeds.
